

Petroglyph Rock
 Was located on top of the second
 butte on the right side going up
 Provo Canyon. It was removed by
 BYU ^{3600 1982} down to the Bertrand M Harrison
 Park at East 800 No. in Provo,
 before blasting & excavation for the
 new 4-lane Hiway up Provo Canyon.
 Legend has it that there were 4
 such rocks located in a straight
 line down across into the West Desert.
